

Compendium of
Polysulphate
scientific
research

Contents

Research papers

Some Historic Papers on Polyhalite	4
Availability to Plants of Potash in Polyhalite	5
Polyhalite Application to Sorghum-Sudangrass and Leaching in Soil Columns	19
Effects of Polyhalite as a Fertilizer on Yield and Quality of the Oilseed Crops Mustard and Sesame	28
Use of Polyhalite as a Source of Sulfur for Oilseed Rape and Winter Wheat in France	37
Bioefficacy of Polyhalite Application on Yield and Quality of Cabbage and Cauliflower	43
Polyhalite Application Improves Tea (<i>Camellia sinensis</i>) Yield and Quality in Vietnam	54
Polyhalite Application Improves Coffee (<i>Coffea robusta</i>) Yield and Quality in Vietnam	62
Agronomic Efficiency of Polyhalite Application on Peanut Yield and Quality in Vietnam	71
Introducing Polyhalite to Brazil: First Steps of a New Fertilizer	81
Polyhalite - A Multi-Nutrient Fertilizer Preventing Ca and Mg Deficiencies in Greenhouse Tomatoes under Desalinized Irrigation Water	90
Polyhalite as a Multi Nutrient Fertilizer – Potassium, Magnesium, Calcium and Sulfate	97
Polyhalite Compared to KCl and Gypsum in Alfalfa Fertilization	111
Effect of Different Potassium and Sulfur Fertilizers on Onion (<i>Allium cepa L.</i>) Yield and Quality	118
Polyhalite Effects on Black Pepper (<i>Piper nigrum L.</i>) Yield and Quality in the Central Highlands of Vietnam	127
Polyhalite for Grain in Soybean-Based Production Systems in Argentina and Paraguay	137
Effect of Different Potassium and Sulfate Fertilizer Types on Cabbage Yield and Quality	147

Research papers in foreign languages

Effects of Fertilization on Yield and Agronomic Traits of Sweet Corn	155
Effects of Polysulphate Fertilizer on Several Crops on Degraded Soil in Northern Vietnam	159
Avaliação de fontes de potássio e enxofre para adubação da soja	164

Posters

Calcium and Magnesium Movement in Soil Profile with Polyhalite as Potassium Fertilizer for Soybean Crop	170
Dissolution Rate of Selected Sulphur Fertilizers; Understanding Selenate – Sulphate Competition	171
Evaluation of Polyhalite as a Fertilizer Influencing Yield and Health in Cabbage Crop	172
Comparing Polyhalite and KCl in Alfalfa Fertilization	173
Efficiency of Polyhalite as a Sulphur Source on Wheat in Argentina	174
Effect of Polyhalite Application on the Yield, Quality and Shelf Life of Green Pepper in Hainan Province, China	175
Residual Effect of Polyhalite Fertilizer for Maize Grown on Sandy Soil	176
Polysulphate™ - A Prolonged Release Sulphate Fertiliser	178
Sulphur – An Essential Nutrient for Legumes	180
Polysulphate – A New Multi Nutrient Fertilizer with Sulphur, Potassium, Magnesium and Calcium - for Better Nitrogen Use Efficiency	182
Efficiency of Polyhalite as a Fertilizer for Banana in Brazil	183
Sodic Soils Reclamation with Polyhalite	184
Selenium Uptake in Ryegrass with Applied Sulphur Fertilizers	185
Evaluation of Polyhalite as a Fertilizer Influencing Yield and Sanity in Potato Crop	187
Efficiency of Polyhalite Fertilizer as Source of Sulphur for Sugarcane Ratoon	188
